Walk as One for Peace on World Labyrinth Day

Wheaton, IL — On Saturday, May 3, 2025, thousands of people will participate in the seventeenth annual World Labyrinth Day as a moving meditation for peace and celebration of the labyrinth experience. Whether you are familiar with labyrinths or new to the idea of non-maze labyrinth paths, all are welcome to learn more and take part.

World Labyrinth Day is an international event held on the first Saturday each May, sponsored by The Labyrinth Society in collaboration with partner organizations including the Australian Labyrinth Network, Legacy Labyrinth Project, and Veriditas. The World Labyrinth Day committee has created pre-WLD webinars to help others create events in their communities. Subjects such as creating a community intention, how to plan an event, and ways to diversify your attendance will be covered. For more information visit worldlabyrinthday.org.

Many participants will “Walk as One at 1” by walking a labyrinth at 1:00 p.m. local time to create a rolling wave of peaceful energy passing from one time zone to the next around the globe. There will be individual walks, local community celebrations, and worldwide connections through online events and social media. Existing labyrinths will be visited, and new temporary or permanent labyrinths will be built.

Labyrinths are found throughout the world with the oldest dating back thousands of years. In contemporary use, labyrinths provide an opportunity for personal reflection, spiritual practice, or the reduction of stress in many different public and private settings. Over 6,000 labyrinths are listed on the World-Wide Labyrinth Locator website: labyrinthlocator.com.

The first World Labyrinth Day was celebrated in 2009 and included events in New Zealand, Hong Kong, the United States, and many other locations. The Labyrinth Society Global Group on Facebook, created in tandem with World Labyrinth Day, has since grown to over 25,000 members from 100 different countries, with steady use throughout the year and a peak in activity every year around World Labyrinth Day. Visit worldlabyrinthday.org for more information, resources, and ways to participate.

The Labyrinth Society is a U.S.-based international nonprofit organization founded in 1998 whose mission is to support all those who create, maintain, and use labyrinths, and to serve the global community by providing education, networking, and opportunities to experience transformation. labyrinth society.org
